Biography

I have solid experience with **GNU/Linux servers & web development**. Since the age of 13 I have developed a strong interest in computer science, dedicating a lot of time to **exploring, analyzing, and understanding the functionalities of operating systems, networks, web sites**, and technology in general. My experience on **GNU/Linux servers** includes **configuring and optimizing systems**, as well as **solving complex problems**. I am always looking for **new opportunities to deepen my knowledge**, and stay updated on the **latest trends** in technology. My passion for computer science is reflected in my **approach to work**, where I commit to providing **efficient and innovative solutions**. I am a **results-oriented** collaborator, ready to contribute to the **success of the team** and the **organization**.

Certifications

In **November 2024** I won a scholarship for the **AWS re/Start** program, which I am currently participating in at the **Edgemony** training school.

I'm currently studying to obtain the **Solutions Architect Associate** certification.

AWS Certified Cloud Practitioner (February 2025)

This certification demonstrates mastery of **cloud computing** principles. This credential rigorously examines the components of the **AWS ecosystem**, including an **analysis** of the **reference architectures**, a **broad range of services**, as well as **established best practices** for **security and regulatory compliance**.

Skills

Over the years I have undertaken a path of **autonomous learning**, which has allowed me to **significantly expand my skills** in **various areas**. Here are some of my **hard skills**:

- **GNU/Linux:**
 - **Kernel configuration & compilation**
 - **Server administration** (distro: **Amazon Linux, Gentoo, RHEL**)
 - **Suricata IPS/IDS, ufw, iptables**
 - **Implementation of Fail2ban and AbuseIPDB**
 - **Rate-limiting**
- **Cloud Computing:**
 - **Management of cloud infrastructures**
 - **Implementation of best practices** in various scopes
- **Web servers:**
 - **Implementation of security policies and SSL certificates**
 - **Modern HTTP protocols: HTTP2 and HTTP3/QUIC**
 - **Rate-limiting**
 - **nginx configuration**

Education

2020 – 2023

**Corporate Information Systems
(Sistemi Informativi Aziendali)**
ITC Archimede, Modica (RG)

During these years I further developed my **computer skills**, studying & practicing with various **programming languages**, **full-stack development** (front-end & back-end), management of **GNU/Linux servers**, and the **protection** of these. I graduated as an **Accountant & Computer Expert** (Ragioniere Perito Informatico), with a score of **98/100**.

2018 – 2020

Administration, Finance & Marketing (Amministrazione, Finanza e Marketing)
ITC Archimede, Modica (RG)

During these years I gave importance to the acquisition of linguistic skills in the English language.

2018

Cambridge English
During 8th grade I attended the “**Cambridge English**” private school, where I received the **B2** certification.

Experience

I decided to **start a career immediately** for several reasons. I have always believed in the **importance** of **practical experience** as an **essential complement to studying**: working right from the get-go has allowed me to acquire **concrete skills**, and to apply knowledge in a **real-world context**, thus facilitating **deeper and more meaningful learning**. I am motivated by the **desire to actively contribute** to a project, and to see the **results of my commitment**. I believe that working right from the start allowed me to develop a **results-oriented mindset**, and to refine my **problem-solving skills**.

Omicron Elettronica S.r.l.

Alarm & Video surveillance systems
Cloud infrastructures

07/2023 – 10/2024

With **Omicron Elettronica** I was able to explore the world of **alarm** and **video surveillance systems**, also working with **electrical systems**, **data networks**, **rack cabinets**, **cable laying**. Here I also managed several **cloud infrastructures**. I worked at this company not only in 2023, but also in the **summer of 2022**, when I was still in high school, carrying out the same tasks. Even though I was an **apprentice**, I was still able to carry out most (if not all) tasks **independently**.
